

## 2011 Mountain Bike Fees and Services

### General Principles:

- Cycling BC does not charge a fee if it does not offer a service
- Fees are structured to encourage organizers to meet important deadlines; fees either increase, or a late fee is charged if something is done last minute or past a deadline

| <b>Commissaires</b> | 3 are assigned. Up to 2 can come from within the organization; 1 existing active official, and 1 newly trained official | 2 are assigned. 1 Can come from within the organization, either an existing active official or a newly trained official | 1 is provided by the host organizer. This person needs to be trained by Cycling BC either via a classroom based course, or the home-study course | None are assigned. However, organizers are encouraged to train and use an official; eventually use of an official at this level may become mandatory, depending upon our insurance situation |
