

Maaslandster CCN International Cycling Team
South Limburg – Netherlands
2017

Following a successful year in 2016, **Maaslandster CCN International Cycling Team** is pleased to invite applications from riders to experience racing in Europe. This opportunity is targeting riders who have competed at an elite national level in their home country, but have not had access to National Academy's or Professional programmes.

The Team will continue its partnership with **TWC Maaslandster Zuid-Limburg**, an official Dutch Cycling Club based in Southern Netherlands (Limburg Region). TWC Maaslandster Zuid-Limburg are the supporting body of the **Maaslandster CCN International Cycling Team** that will once again participate in UCI, National and Club level racing in Europe throughout 2017.

In 2016 **Maaslandster CCN International Cycling Team** hosted a roster of 16 female cyclists who raced at the elite level in Europe. The team consisted of riders from countries including The Netherlands (4), Germany (2), Belgium (2), Denmark (1), Australia (5), South Africa (1) and Cypress (1).

The Team's mission is to provide weekly racing opportunities for its riders throughout 2017. The European racing circuit offers a unique environment for Athletes to strive for their personal goals; whether it be to establish a cycling resume / palmarès, to get promoted into a professional team, or a personal development opportunity that comes with participating in a European racing season.

Events will include various styles of racing with various levels of difficulty that can suit the ability and goals of riders on the team; from one day road racing, stage racing, time trials, kermesse, criterium and derny racing.

You can review 2016 race reports, rider blogs, social media and Facebook updates, and follow the progress via the Maaslandster CCN International Cycling Team website: www.maaslandsterladies.com

How to Apply

To be considered, riders are required to demonstrate an appropriate background and history in racing. Athletes who would like to be considered for the 2017 season should send their Cycling Resume / Palmarès to the following address:
