

2014 Provincial Clubs

National Insurance Coverage

Each UCI / CCA/Citizen licensee has access to:

- \$10M 3rd Party Liability insurance plus Sport Excess Medical insurance; this includes the popular benefits such as Ambulance transport, physiotherapy, fractures, prescription eyeglasses incurred within 52 weeks of date of accident
- Insurance coverage is not 24-hr coverage; team and club members are covered during their respectively registered team and club activities as listed each affiliate's application form and during events sanctioned by the CCA and Cycling BC
- Team and Club Members have 30 days to report an injury if an accident occurs while participating in their respectively registered team and club activities
- Bikes, Riding Equipment and/or Personal Belongings are not covered by this policy

Coach's & Organizer's Insurance

This is the same policy as rider insurance, but while the member is working in a technical role (coach, instructor, organizer, manager, mechanic, or driver). Some technical licenses require certification (i.e. NCCP or CBC Prov C Commissaire Levels) and a code of conduct must be signed.

Director's & Officer's Insurance

This is a separate policy which provides coverage in the case of wrongful decision-making

- * Policy runs from Jan 1/2014 to Jan 1/2015
- * Applications are requested from our office
- * Most Common Example: a club member is disgruntled regarding a decision made by the club's executive
- * DNO is through Marsh / Sportscover

Cycling BC is the provincial governing body for the sport of cycling in British Columbia. We represent the disciplines of Road, Track, Cyclocross, Mountain Bike, and BMX.

Out of Country Insurance

(club members racing outside Canada)

- It is highly recommended that all team members purchase additional out of country medical while training /competing outside of the country in approved activities
- The insurance provided with a UCI/CCA license is NOT valid outside of Canada
- We suggest that you check out your own home insurance provider, or a company like BCAA. Here's a website to check:

<http://www.bcaa.com/insurance/travel/for-visitors-to-canada/single-trip-coverage>

Definition - Provincial Club

- Operates as a not-for-profit group
- Has a minimum of 3 on Board of Directors
- Has a set of by-laws and a constitution
- Insures all members with a minimum of
 - affiliated club member
 - citizen license holder (RACE LICENSE)
 - uci/cca license holder (RACE LICENSE)

Definition - continued

- Organizes BMX, Road/Track, CX, DH/XC events
- Welcomes new members & does not restrict membership like a provincial trade team
- Belongs to the members; does not belong to a business or individual
- Has at least 5 riders who are part of general membership who also hold a race license

Provincial Club as Society

Cycling BC strongly recommends that all clubs register under the BC Society's Act. By registering, clubs benefit from increased credibility because societies are required to have bylaws, and keep financial and membership records. Liability is ltd. because debts and liabilities are the society's not it's members, and can gain protection from wrongful acts through DNO insurance
