

HEADSTARTPRO™

Train On During Covid-19 Self-Isolation

HeadStartPro Provides Heavily Discounted Training During Covid-19 Pandemic

CANCELLED

We have been inundated by this message in recent weeks—an unfortunate reality amid the global health crisis, COVID-19. From major sporting events to entire seasons—even schools—all cancelled or postponed. Staying home, social distancing, and self-isolation are new norms in 2020.

So, how can we be **productive** when it feels like *life is on hold*?
And, how can we **adjust to homeschooling**?

For young athletes, now's a good time for e-learning to strengthen *mental game, enhance performance, and prevent injuries*. For coaches, taking accredited, online courses prevents wasting *another Saturday* in a classroom in the future.

***Train On* with online courses
at a 50% discount, until May 31, 2020**

Call it an isolation sale! We recognize the difficulties being cooped up can cause and hope this helps make use of idle time. Life will go on and we must *Train On*.

[Athlete Course](#) Now \$9.98 (regular \$19.95)

[Coaching Course](#) Now \$34.98 (regular \$69.95)

Enter code “TrainOn50” at checkout.

Not playing is hard but keep looking ahead during this uncertainty. We hope everyone is staying home and doing their part—health and safety are #1. It may feel like we're at a standstill, but don't sit idle, *Train On!*

All the best during these challenging times,

The HeadStartPro Team
