

Coach Development Grants

Cycling BC members can apply for grants to help attend NCCP modules and pursue certified status. Once certified, coach development grants can also help Cycling BC members pursue non-NCCP professional development opportunities.

There are five grants available each calendar year. Cycling BC members in good standing can apply after December 1st. Applications are reviewed and awarded on a first-come, first-serve basis.

Successful applicants register for their coach training modules at cyclingbc.net/coachreg and pay the total price. Once an applicant's final training module is complete, submit a post-event report within 14 days to receive 50% reimbursement up to a \$250 annual maximum.

Post-event reports help Cycling BC ensure your coach training experience was helpful and share your story with our general membership. Reports include 3-5 high-quality images, an invoice (using a provided template) with scanned receipts, and a 2-3 paragraph report about the experience.

Written paragraphs should answer the following questions:

- What training modules did you attend, and how did it go?
- What was the most significant learning outcome? *The lightbulb moment.*
- How could the training and certification process be improved?

Submit post-event reports, photos, and invoices with receipts to coaching@cyclingbc.net.
