

My name is Scott Laliberte and I am stating my interest in the VP of Track position.

As a competitive road and track cyclist for over 20 years I have had the benefit of seeing the sport from many different perspectives over the years. In that time I have also been involved in more than just the racing aspect of the sport. I have been a board member of the BVC for many years, race organizer, race director, coach, and brought Six-Day racing back to BC by organizing the inaugural Burnaby Six-Day.

My belief is that youth is the key factor in growing the sport of cycling in the province and that track is one of the best ways to achieve that. I will work together with both tracks and other communities in the Province to attract youth to the Velodrome.

Track cycling is on the rise in Canada again and our Province has always been a leader at the National level. With proper programs for youth and adults alike this Province can once again take its place back on top.
